Why Travato?

- Deluxe Froli® sleep system
- Easy-to-swivel cab seats
- Exterior speaker system
- Available bike and kayak racks
- Truma Combi® Eco Plus heating system with 1,700-watt heating element
- Optional 100-watt solar panel battery charger
Adventure Seekers: Welcome Home

“Brilliant!” “Best value.” “Excited for the future!”—that’s just a sample of the praise heaped on last year’s re-designed Winnebago Travato. We’re excited to say, the future is now. The adventurous spirit of the Travato carries forward to the all-new 59K with a re-designed open floorplan featuring a space-saving bath area and the deluxe Froli® sleep system.

Optional bike and kayak racks help you enjoy a rugged day outdoors, while amenities such as Ultraleather™ furniture (59G), Corian® countertops, and an exterior sound system help you relax in comfort when the sun goes down. The Travato doesn’t just enable your adventurous lifestyle, it enhances it. Brilliant, indeed.

Recognized Quality

The Recreation Vehicle Dealer Association annually rates RV manufacturers and awards the Quality Circle Award to manufacturers that provide exceptional products, service and support. Winnebago Industries is proud to be the only manufacturer that has received this award every year since its inception.
Our SmartSpace™ design philosophy is critical to making the most of your van-style floorplan. Nowhere is that more evident than the Flex Bed System in the 59G that quickly converts from two bench seats and a dining table into a large sleeping area. Choose the 59K and enjoy twin beds that double as facing sofas by day. For movies and more, the standard HDTV/coach stereo system includes AM/FM radio, CD/DVD player, and Bluetooth™ connectivity.
Enjoy a smartly-configured galley that houses a microwave oven and 2-burner range top with a glass cover and heat shield. The refrigerator/freezer works on both 110-volt and battery power so you’ll always have cold food. A removable freezer unit in the 59G delivers additional cold storage flexibility.
You will appreciate the surprisingly spacious Murphy bed in the 59G, while others may prefer the 59K with twin beds that double as sofas. Both models offer the deluxe Froli sleep system that delivers the comfort of an innerspring mattress in a lightweight design built especially for RVs. The cleverly-designed shower/bath area makes the most of the available space.
To expand your living space, the cab seats recline and swivel toward the lounge area so you can enjoy a meal or watch TV. The touch screen stereo system includes a GPS system and a Rearview Monitor System for safer backing and maneuvering. You’ll love the Ram ProMaster chassis with 280-hp gas engine, or select the available Ram ProMaster diesel engine for improved gas mileage and torque.
Bike racks. Kayak racks. No matter what your adventurous lifestyle demands, the Travato has an accessory available to accommodate it. At the end of an active day, extend the powered patio awning and enjoy a well-earned break while you relax to some music from the exterior speakers. Two rear doors open wide when you need to carry larger loads, and available screen doors let the cool breeze in while keeping the bugs out.
59G

This floorplan offers exceptional flexibility with the Flex Bed System near the cab and a large Murphy bed that flips up to make room for bikes or other large items.
NEW 59K

This all-new open floorplan boasts a twin bed configuration with a spacious rear bath/shower area and swivel cab seats that expand your living space.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.

Child seat anchor (forward facing dinette) (59G)
LP, smoke, and carbon monoxide detectors
10 BC fire extinguisher
Ground fault interrupter
Fog lamps

Warranty
12-month/15,000-mile basic warranty

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer's listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.

NA Not Available
Not all items available in combination. See dealer for details.
Winnebago's® continuing program of product improvement makes specifications, equipment, model availability, and prices subject to change without notice. Published content reflects the most current product information at time of printing. Please consult your dealer for individual vehicle features and specifications.
