The smart and efficient answer to wanderlust

TRAVATO
Fully equipped, thoughtfully designed, and ready to move you

Since its introduction, the Winnebago® Travato® has become one of the best-selling B-vans in America. Built on the powerful Ram ProMaster® chassis, the Travato offers all the comforts of home in a nimble, fuel-efficient package. The Travato uses Winnebago’s SmartSpace™ design approach to maximize your living and storage space, and features premium amenities like Corian® countertops, the FROLI® deluxe sleep system, and the energy-saving Truma Combi™ ECO Plus heating system. Enjoy the standard upgrades like a powered armless awning and an exterior wash station. The adventure you have been looking for is here, in the Winnebago Travato.
Both Travato floorplans feature comfortable living areas to relax in while you’re in camp. The 59G features a pivoting table for the bench seat and swiveling cab seats, while the 59K features a center table and bench seating for up to six. In both floorplans, the comfortable cab seats swivel to become a valuable part of the living area.
The Travato’s full galley includes a two-burner range top with a glass cover and microwave oven (59C) or a microwave/convection oven (59K) to handle cooking duties, while the stainless steel sink with a glass cover makes cleanup a breeze. Corian® countertops with a countertop extension add visual appeal as well as room for food prep, and the standard cold water filtration system provides clean water for cooking and drinking.

When it’s time to turn in for the day, enjoy the large corner bed on the 59G, or relax on the twin beds that convert to a large queen bed, thanks to the Flex Bed System in the 59K. In both floorplans, the Deluxe FROLI® Sleep System provides extra cushioning and improved air flow for added comfort. Each floorplan includes a fully equipped wet bath; the 59G bath features a stainless steel sink while the 59K boasts a uniquely spacious rear shower area.
The Travato’s cab is command central for its 280-hp V-6 engine and Ram ProMaster® chassis. Ergonomic seats include armrests, adjustable lumbar support, adjustable headrest, and slide/swivel/recline functions, and the 5” LCD color touch screen provides radio, GPS, and rearview monitor capabilities. A full complement of conveniences — including cruise control, power steering, power mirrors with defrost and turn signals, power windows and locks, and 12-volt powerpoints add to the Travato’s car-like driving experience.
Make yourself at home in camp by deploying the Travato’s powered patio awning. The optional running board with ground effect lighting makes entry and exit easier, and the exterior speaker system lets you bring your music outside. Available screen doors for the side and rear doors enhance airflow while helping keep bugs at bay, and the optional bike rack and roof rack with a movable ladder make it easy to bring your favorite toys along.
This floorplan offers exceptional flexibility with the Flex Bed System near the cab and a large corner bed that flips up to make room for bikes or other large items.

Dimensions shown are for sleeping and shower space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at WinnebagoInd.com.
This open floorplan boasts a twin bed configuration with a spacious rear bath/shower area and swivel cab seats that expand your living space.

The Holcombes

Peter, Kathy, and Abby have been full-time RVing since 2014. Using photos and videos shot by Peter, a professional photographer, the family has documented their many adventures around the continent including hiking, paddling, climbing, canyoneering, fishing, and more. All from the comfort of their Winnebago.

You can follow their journey at WinnebagoLife.com. You’ll also find hundreds of other great stories from GoLife’s outstanding contributors, along with how-to articles, gear reviews, RVing tips, and much more.

### Heating & Cooling System
- 13,500 BTU high-efficiency roof air conditioner
- Truma Combi Eco Plus Heating System w/1,700-watt heating element

### Electrical System
- AC/DC load center, 45-amp. converter/charger
- Auxiliary start circuit
- 2 deep-cycle Group 31 batteries (AGM maintenance-free)
- Coach battery disconnect system
- Automatic dual-battery charge control
- 30-amp. power cord
- Exterior TV jack
- Exterior AC/DC receptacle
- 2,800-watt Cummins Onan® gas generator

### Energy Management System
- Optional Equipment
  - 100-watt solar panel battery charger w/controller, junction box, and plug for additional portable solar panel

### Plumbing System
- LPG accessory connection (patio area)
- Pressurized city water hookup
- Exterior wash station w/pump switch
- 10’ sewer hose
- Winterization Package water heater bypass valve and siphon tube
- On-demand water pump
- Permanent-mount LP tank w/gauge
- Macerator pump (59G gray tank only)
- Holding tank flushing system

### Optional Equipment
- Heated holding tanks (59G)

### Safety
- Child seat anchor (forward facing dinette) (59G)
- LP, smoke, and carbon monoxide detectors
- 10 BC fire extinguisher
- Ground fault interrupter
- Fog lamps

### Warranty
- **12-month/15,000-mile basic warranty**

### Footnotes
1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer’s listed water capacity (W.C.) Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent upon your particular loading and towing circumstances, which includes the GVWR, GAWR and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
5. See separate chassis warranty.
6. See your dealer for complete warranty information.
