The Proud Result of 54 Years of Innovation

No coach embodies both our proud past and forward thinking quite like the Winnebago Adventurer®—and this year’s models are packed with more value and user-friendly features than ever before. All three floorplans incorporate full-wall slides for maximum spaciousness, including the 37F with a bath and one-half and a standard power queen bed with the Ideal Rest® Natural Reserve digital comfort control mattress. Each floorplan is loaded with amenities typically reserved for diesel pushers, such as Corian® countertops, premium Ultraleather™ cab seats, MCD American Duo® solar/blackout roller shades and TrueAir® maximum comfort air conditioning. Take full advantage of more than 54 years of innovation and Winnebago Industries® legendary SuperStructure® construction in a 2013 Winnebago Adventurer.
Best in Class

See how Winnebago Industries takes motor home design and function to the next level, and why we've earned the right to be called the Most Recognized Name in Motor Homes.

Click on this icon throughout the brochure to link to more information on the web.

TrueAir® Maximum Comfort A/C Two high-efficiency, low-profile, roof-mount cooling units and precision engineered ducting deliver unsurpassed cooling power.

- D-shaped, formed ductwork optimizes airflow
- Dual-zone thermostat controls offer precision cooling
- No roof air condensation
- Infinitely adjustable ceiling vents provide finite control
- Designed to maximize coach comfort

Elbow Room The BIG Shower is one of the industry’s largest, featuring a wide opening and plenty of elbow room (37F).

Day and Night The smoothly retracting MCD American Duo Solar/Blackout Roller Shades let you control your light and privacy—no matter the time of day.

Look and Listen The touch screen RV Radio® features a CD player, MP3 input and doubles as the rearview monitor.

Easy Important gauges, switches and controls are all centrally located in the OnePlace® Systems Center for ease of use.

HD Everywhere Watch HD video from multiple sources, on multiple TVs—simultaneously—with the HDMI 4X4 Matrix Video Selection System.
Relaxation awaits in the Rest Easy® sofa that reclines at the press of a button and the Euro recliner in the 37F that can be moved about the coach when parked. All three floorplans deliver countless hours of entertainment with a large LCD TV and Blu-Ray® home theater system. And, no matter what Mother Nature has in store, the TrueAir® maximum comfort air conditioning system keeps you comfortable with two cooling units and twin heat pumps.
Corian® solid-surface countertops, a flip-up countertop extension and an abundance of cabinet space in your choice of finishes provide a welcome blend of function and style. The galley’s thoughtfully planned L-shape enables the perfect flow as you create your culinary masterpiece.
Whether you prefer the elegance of a dining table/buffet with retractable 40” LCD TV or the spacious comfort of a U-shaped dinette, the Adventurer has the floorplan and options for you. The BenchMark dinette is offered in all models, featuring innerspring cushions that flip up to access large storage compartments and is even available with an extendable table and chairs for your guests.
The Adventurer 37F comes standard with a powered queen bed, featuring the Ideal Rest® Natural Reserve digital comfort control mattress with digitally adjustable firmness and comfort enhancing features you won’t find in any other RV mattress. A cotton and bamboo fiber cover panel and a duo-firmness reversible insert with Memory-Cell® provide an incredibly comfortable night’s sleep. Plus, the powered bed props up at the press of a button for reading or watching TV.
RV Radio® Rearview monitor. Sideview cameras. Everything is at your fingertips and incorporated into the dash touch screen. Your co-pilot will enjoy being within easy reach of map lights, 12-volt powerpoints and a dash workstation.
From the all-in-one service center with the QuickPort® service connection hatch to the 3-position jack controls, the Adventurer keeps setup simple so you can spend more time relaxing. Take your relaxation to the next level by adding the exterior entertainment center with a 32” LCD TV.
Every Adventurer is built to Winnebago Industries® legendary SuperStructure construction standards. It’s a process developed and refined over more than 50 years of building some of the strongest, most durable coaches in the industry.
Before rolling out of our factories, every coach undergoes an extensive 113-point inspection. Each coach also passes a high-pressure water test that simulates rain at a rate of 50-inches per hour to check for leaks. During the design process, computer simulations, our physical testing center and rigorous test track ensure each model is built to last.

At Winnebago Industries, we treat the features you can’t see with the same care as the ones you can. Look in the access panels of some of our competitors’ coaches and you’ll see loose insulation and wires haphazardly strewn about. Winnebago Industries maintains a clean fit and finish throughout so your coach will last for the long haul.

We extrude our own aluminum. We rotocast our own plastic components. In fact, we manufacture most of our own parts so they are designed to fit the space, rather than fitting the space to an awkward off-the-shelf component size.

We’re proud of our processes, state-of-the-art facilities and the people who make Winnebago Industries number one. We invite you to visit our complex in Forest City, Iowa, for a first-hand look at the dedication and technology behind every motor home we build.

Visit BetterBuiltRVs.com to gain real insight into what goes into a Winnebago Industries motor home.

GoWinnebago.com
The full-wall slideout makes the most of this impressive floor plan, which includes a U-shaped dinette, a sofa/bed available in Ultraleather and a mid-coach LCD TV.
Three slideouts, including a full-wall slide, help create one of our largest bedrooms, which includes a generous wardrobe, chest of drawers and an available king bed.
37F This triple-slide floorplan opens wide to create a large lounge with multiple dining options, a guest bath and a large master bath featuring the BIG Shower.

† Available with single or dual controls. Dual-control option includes only two seat belts.

Dimensions shown are for sleeping space only and may vary due to styling differences. Dashed lines denote overhead storage areas. Floorplans and specifications are also available online at goWinnebago.com.

Fog lamps
High-mount brake lamps

Warranty
12-month/15,000-mile basic warranty
36-month/36,000-mile limited warranty on structure
10-year limited parts-and-labor warranty on roof skin

1 The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2 Adventurer floorplans feature a wide-body design – over 96”. In making your purchase decision, you should be aware that some states restrict access on some or all state roads to 96” in body width. Before making your purchase decision, you should confirm the road usage laws in the states of interest to you.
3 The load capacity of your motor home is designated by weight, not by volume, so you cannot necessarily use all available space when loading your motor home.
4 Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
5 Capacities shown are tank manufacturer’s listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
6 Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GVWR, GAWR, and GCWR as well as adequate trailer brakes. Please refer to the Operator’s Manual of your vehicle for further towing information.
7 See separate chassis warranty.
8 See your dealer for complete warranty information.
9 Not all items available in combination. See dealer for details.
10 The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
